

IMMERSIVE LEARNING ENVIRONMENT

LAB: BASIC CPU

LEARNING OBJECTIVE

The objective of this lab is for students to gain knowledge on theory behind how a simple computer work. For that all the necessary theory will be gone through.

DESCRIPTION

Understanding the complexity of how computers works can be hard today. Society and computers have advanced in the recent decades a lot in the digital circuits and processors that many people don't even realize what is happening when they are sitting in front of their phones or computers. The era of transistors and computers has been strongly growing with each year and with each year passing by there is more people who do not understand this technology.

COMPONENT SECTIONS

- Game file/folder name: Game
- Movie file name: movie
- Power Point file name: Basic CPU.ppt
- Assessment file name: Basic CPU Quiz.doc

WHAT TO SUBMIT

Submit the quiz document by answering all the questions.
